PRESS RELEASE

FOR IMMEDIATE RELEASE

SelectSurvey.NET Places in Top 20 Most Popular

ClassApps's SelectSurvey.NET ranks in the top 20 most popular survey software in latest Capterra analysis.

Kansas City, Missouri. – ClassApps LLC (ClassApps.com), a leading provider of data collection, research and survey software, is proud to share that SelectSurvey.NET has been ranked in the top 20 most popular survey software by Capterra (http://www.capterra.com/survey-software/#infographic).

"SelectSurvey.NET was recently welcomed to Capterra's Top 20 Report highlighting the most popular survey software," said Rachel Wille Senior Product Research Analyst at Capterra, a firm that reviews and researches survey tools. "The ranking is determined by three factors: the total number of users, the total number of customers and social presence. SelectSurvey had the highest amount of users of solutions surveyed, which placed them within the top 10."

Sheryl Briggs, Chief Executive Officer of ClassApps states "ClassApps's new development continues to strive to be the most advanced, yet easy to use survey software on the market, especially for large enterprises with it's built in user management features". Briggs also states "SelectSurvey.NET continues to be priced as the most affordable and scalable survey software for large businesses, governments and academic institutions."

SelectSurvey.NET's client list includes state governments, military, academic institutions and businesses across more than 126 countries in the world.
