FOR IMMEDIATE RELEASE

ClassApps.com Announces Expansion with New Location in Downtown Kansas City, Missouri to Support Growth

Company's new office space in the East Crossroads of downtown Kansas City, Missouri supports current and future planned capacity growth in software engineering, sales and marketing, and customer support.

Kansas City, Missouri. – ClassApps.com (an Atomic Design LLC company), a leading provider of data collection, research and survey software, today announces the relocation to new office space to accommodate the rapid growth and future expansion plans. The new office space located at 706 E 19th Street, Kansas City, Missouri will provide capacity for increased customer support, engineering, sales and services and leadership functions across the company.

“ClassApps’ new office space will allow us to increase our capabilities in key areas that align with our current and future growth plans. The new space will allow us to expand our core teams to support the growth we are experiencing while giving us dedicated facilities for software engineers and programmers to meet and brainstorm.” said Sheryl Briggs, Chief Executive Officer for ClassApps. “Our team is excited about the growth we are experiencing and this move represents a commitment to continue to build on the success our team has accomplished.”

ClassApps is a leading provider of data collection, research and survey software with the SelectSurvey.NET software suite.
